RENTAL PREPARATION AND CLEANING PROCEDURES

Here are the basic procedures taken in preparation for rentals of the space by the SGLA staff:

BEFORE EACH RENTAL:

Sanitize dance floors
Sanitize high touch areas in bathrooms

BEGINNING / END OF DAY:

Sanitize dance floors
Clean and sanitize bathrooms and common spaces

We will use the first 5 minutes of all rentals to prepare the space as you move in for your booking.

CAPACITY

At this time, we do not have capacity limits in the **warehouse space** besides those in accordance with the limitations of fire regulation.

We do ask that you inform us of the number of participants or viewers you expect for your rental so we can help with crowd control and flow through the space.

The recommended capacity limit in the **garage space** is 20.

For performances in the warehouse

We have 100 chairs for performance seating, and can accommodate up to 200 people if additional chairs are brought in by the producer.
